

Industrial Ergonomic Workstations

After 20 years of extensive experience in the development, design, and manufacturing of technical specialized furniture, Protech is introducing an up-to-date product range of ergonomic industrial workstations.

Our modular workbenches and industrial workstations can be custom engineered to meet your particular requirements by using both standard and specialized components and accessories.

Advantages of Protech's Industrial Ergonomic Workstations:

- Improve productivity
- Reduce lost work hours
- Increase work quality
- Operator adjustable
- Reduce the risk of repetitive injuries
- Modular and custom engineered

Protech's Industrial Workstations are used for:

- Component assembly
- Shipping / packaging
- Manufacturing
- Electronic assembly
- Engineering laboratories
- Service centers
- R&d centers

Components & Accessories

Spine

Uprights made of powder coated aluminum extrusion and connected by heavy gauge steel beams. Channels on the uprights allow hang-on of overhead fittings, tool rack, and service panels. Permits all types of piping and wiring to be built into a unique over-bench system.

Overhead fittings mounted on uprights:

- Overhead lighting
- Flexible spot light
- Rod with S-shape hooks
- Height adjustable shelves positioned flat or 15° forward
- Overhead storage cabinets

Tool Rack

By using the tool rack, you can fully use the worktop and keep it unobstructed.

Accessories easily mounted on the tool rack:

- Storage bins
- LCD monitor arm
- Tool hooks
- Paper tray
- Markerboard and tackboard

Service Panels

With the service panel, it is possible to incorporate the mechanical and electrical services totally independent of the work surface. This offers possibility of different solutions for each project, as well as making of the benches more flexible.

- Power outlets; single phase and 3-phase
- Data outlets
- USB and video outlets
- Emergency stop
- On/off switch
- Flexible spot light
- Automatic circuit breaker
- Mechanical outlets

Benches

- Fixed, mobile, or adjustable height benches
- Different shapes and load capacities of bench frames
- Wide range of worktop selection including compact laminate, steel, and laminated MDF
- Lower shelf can be mounted on the bench
- Benches can be provided with suspended or mobile storage units

Other Products

- Laboratory furniture and fume hoods
- Healthcare modular cabinets and storage systems
- Lockers and changing benches
- Toilet partitions
