

Laboratory Engineering

أثاث مختبرات

Protech Company, founded in 1993 and located in the heart of the Middle-East and North Africa, has a long known history and reputation for quality and customer satisfaction in the design, manufacturing and installation of laboratory furniture and fume cupboards. Using the world's best raw materials, accessories and fittings, clients can find variety of products and the optimum solution for their laboratories.

Protech offers flexibility, ergonomic features, state-of-the-art designs, solid construction and warranties all at an affordable price. Protech can propose many design and product alternatives that retain functionality without sacrificing performance.

The Company earned the prestigious "King Abdullah II Award for Excellence" in the year 2000 due to its dedication to quality. This Award is designed to recognize the highest-level of quality achieved by a Jordanian firm.

Protech is also ISO 9001:2000 certified for meeting the requirements for an ideal manufacturing company. ISO 9001 Quality Management System is always in the focus in every process to ensure best quality and customer satisfaction.

All systems provided are based on a comprehensive range of high quality laboratory furniture. Fume cupboards and fittings using international standards. Protech is a member of the Scientific Equipment and Furniture Association (SEFA, USA), which includes in its members a group of international and professional laboratory furniture and fume cupboard manufacturers and consultants.

laboratory Engineering

CLIENTS

Protech is the leading scientific laboratory supplier for the following areas:

- Educational Laboratories
- Medical Laboratories
- Research Laboratories
- Pharmaceutical Laboratories
- Industrial Laboratories
- Petrochemical Laboratories
- Bio-Tech Laboratories

Services

An effective and efficient design is critical to the functionality of any new laboratory. Protech has the team of experienced professionals which provide the following design and layout assistance:

- Establish layout based on:
 - Traffic patterns
 - Product function
 - Equipment & human interface
- Location of each item for practicality and safety
- Product selection and specification development
- International standards awareness meeting with clients
- AutoCAD drawings of layout, elevations, electro-mechanical coordination and product details

To shorten the design and procurement process and eliminate extra expenses, consider inviting Protech as a product/design consultant early in the initial planning process.

We can then focus our efforts on proposing designs and products that meet your needs and closely correlate with financial restraints.

Other Product Ranges

- Lockers & Toilet Partitions
- Contract Furniture
- School Furniture
- Healthcare Furniture
- Wall Cladding
- Turn-key Projects
